SUBJECT: EZIZ Message: Mother’s Day
DATE: May 11, 2013

Dear EZIZ Users,

Sunday is Mother’s Day—a good reminder that expectant moms need Tdap immunization.

Tdap immunization is recommended between 27 and 36 weeks gestation. Immunize with every pregnancy, even if your patient received Tdap before becoming pregnant.

Show moms that you care by:

- Distributing copies of the [Immunizations for a Healthy Pregnancy](#) Brochure (also available in [Spanish](#))
- Sending CDC’s health e-card: [Pregnant? Get Tdap](#)
- Distributing CDC’s [Immunizations and Pregnancy](#) Flyer

Oh, and remember to call your mother.

If you would like to be removed from the EZIZ list-serve, please go to [http://eziz.org/manage-subscription.php](http://eziz.org/manage-subscription.php) to unsubscribe.
