¹VFC-funded vaccines may be used to immunize underinsured children ONLY if the LHD has a FQHC or RHC designation. Otherwise, underinsured children presenting to a LHD clinic or HDAS must be referred to a FQHC or RHC.

²Fully insured children and adults are not eligible to receive 317 vaccine routinely (adults enrolled in Medi-Cal/Medi-Cal managed care plans are considered fully insured). 317 vaccine may not be used in travel clinic settings.

³Depending on funding, State General Fund vaccines may vary.

⁴If patient has Medicare Part B but not Medicare Part D, then patient is only covered if patient is considered low-risk for contracting Hepatitis B.

⁵Includes patients that have Medicare Part B but do not have Medicare Part D, and do not have a wound.

⁶For outbreak control and post-exposure prophylaxis.

⁷Available in limited quantities.
