

## Childhood Immunization Schedule: What's New for 2020?

### Notice of VFC TEACH Webinar Postponement

Dear VFC providers,

Please note our VFC TEACH webinar for March 19 has been temporarily postponed. As COVID-19 response impacts routine immunization practices, we are working on including guidance for practices on handling routine pediatric and adolescent immunizations, while maintaining staff/patient safety and protection during this time.

The new day and time will be emailed to all VFC providers soon.

***“Afternoon TEACH with VFC”***

is a webinar series offered to California VFC providers. Always held at noon for an hour, these free online webinars cover a variety of immunization topics to help in your daily immunization work.

We hope to see you for some Afternoon TEACH.
