Dear VFA Provider,

The second VFA 2019 ordering period is now open. Please plan to submit your orders on or before **Friday, April 19, 2019**. After this date, you will not be able to place an order until the next ordering period, projected to open on July 2, 2019.

VFA vaccines that are currently available to order are: Hepatitis A, Hepatitis B, HPV, Meningococcal Conjugate (MCV4/MenACWY), MMR, Pneumococcal Conjugate (PCV13), Pneumococcal Polysaccharide (PPSV23), Td, Tdap, Varicella, and Zoster.

HEPLISAV-B (Recombinant, Adjuvanted Hepatitis B Vaccine) is currently available for ordering. Please use the attached clinical letter and [Hep B job aid](#) to help you in placing your order for this vaccine.

HPV Update: The CDC's Advisory Committee on Immunization Practices (ACIP) has NOT yet voted to expand age recommendations for HPV beyond 26 years of age. **Please continue to vaccinate VFA-eligible patients with HPV vaccine based on current [ACIP recommendations](#).**
