

Vaccine Tips

August 2015

Review your practice's delivery days and times EVERY time you place an order—especially now that flu season is approaching!

During flu season, VFC sends queued up vaccine orders to your practice as soon as vaccine inventory becomes available. Deliveries are made based on the info on your "MyVFCVaccines" account.

If your practice will be closed and unable to receive shipments, contact the VFC Customer Service Center as soon as possible.

Undeliverable shipments due to incorrect delivery days and times lead to delays and may even lead to negligent vaccine loss. Your practice may be held financially accountable.
