## VFC vaccine orders can now be submitted on-line!

Dear VFC Provider,

VFC announced last month the launch of its On-line Vaccine Ordering system. Enrolled providers can access on-line ordering through MyVFCVaccines, the entry portal to all VFC applications. If you have an order coming up, we encourage you to transition to online ordering. It really streamlines the process!

### System Features

Through MyVFCVaccines, providers can:

- Submit their VFC vaccine requests
- Submit returns or transfers electronically
- Receive instant confirmation upon order submission
- Update the shipping and contact information for their practice
- Look up vaccine order history and return and transfer history
- Request vaccine return labels

### Accessing Your "MyVFCVaccines" Account

To access the site, follow these two simple steps:

- Go to [eziz.org](http://eziz.org) and click on the MyVFCVACCINES button.
- Enter your practice's VFC PIN and Zip Code to log-in.

### Resources

Refer to the various resources available to you upon log-in to MyVFCVACCINES to assist you with your on-line ordering:

- MyVFCVaccines Quick Reference Guide – a step-by-step guide on how to submit an order and a Return/Transfer form on-line.
- VFC Vaccine Inventory Form – an easy tool that can be used to log doses on hand when conducting physical inventory of vaccines in the refrigerator
- [Tutorial Video](#) – a recorded video on how to log in to MyVFCVaccines and how to submit an order and report transfer and returns.

For more information, refer to the [VFC Program Letter](#) posted on EZIZ.ORG.
