Supplemental Flu Ordering Now Available

Dear VFC Provider,

VFC's Supplemental Flu Ordering is now available. Supplies are currently adequate for all products, except Fluzone 0.25. If your practice is interested in ordering additional doses to protect all VFC- eligible patients in your practice, log in "MyVFCVaccines". Once you are logged in, you can select the "Flu Vaccine Orders" page.

Supplemental flu ordering for 0.25 Fluzone will be opened once all the remaining orders have shipped. A subsequent notification will be sent to providers when supplemental ordering for the 0.25 Fluzone is opened.

Pending balances for confirmed doses of 0.25 Fluzone will be processed once doses are received at VFC's national vaccine distributor.

Product	VFC Age Group	Order Fulfillment as of	Supplemental Ordering
Fluzone® PF Pediatric Formulation, 0.25mL single dose syringes; Trivalent; Sanofi Pasteur	6-35 months	Orders under 100 doses have shipped in full. Orders over 100 doses: 70% of confirmed doses have been shipped	Currently not available
Fluzone® 10 dose vials (5mL); Trivalent; Sanofi Pasteur	3-18 years	All orders have shipped in full	Available for ordering
Fluarix® PF Formulation 10 pack - 1 dose syringes (0.5mL); Quadrivalent; GSK	3-18 years	All orders have shipped in full	Available for ordering
FluMist 10 pack-1 dose Intranasal Spray; Quadrivalent; MedImmune	Healthy 2-18 years	All orders have shipped in full	Available for ordering

Protect your patients! Influenza vaccination is recommended for all children 0-18 yrs in your practice. VFC's website, www.eziz.org, contains a number of influenza resources for your practice.
