Pediatric Multi-vaccine VIS Update

Dear EZIZ Users,

The Pediatric Multi-vaccine vaccine information statement has recently been updated and is now available. This VIS may be used as an optional substitute for any or all of the routine birth-6 month vaccine VISs (DTaP, IPV, Hib, PCV, Hepatitis B, and Rotavirus).

Translation of other languages will be available at a later date.

Would you like to receive VFC communications via e-mail?
Visit our website at www.eziz.org and register to receive electronic updates.
