Dear EZIZ Users,

Please see this update from the CDC about a supplement to flu VISs.

A "Provider Information" document to supplement the 2013-14 influenza VISs has been posted and is [now available](#). This document summarizes information from the current ACIP influenza recommendations, and is intended as a quick reference for providers to use when discussing influenza vaccine with their patients, or answering patients' questions. It provides detailed information on topics dealt with more superficially on the influenza VISs themselves.
