VFC Update: 2019-2020 Flu Pre-book Confirmation E-mails Coming Soon!

Dear VFC Providers,

Thank you for submitting your 2019-2020 VFC Influenza Vaccine Pre-Book in early spring. VFC will be issuing Pre-book Confirmation emails early next week. The communication will include approved total doses (by brands) of influenza vaccines for your practice for the coming influenza season.

Final pre-booked products for CA's VFC Program are listed below. These were based on overall provider brand preference and number of doses requested during the Pre-book period.

- Inactivated, Quadrivalent, No Preservative, **0.5mL Single-Dose Syringes, (6 months to 18 years)**
Fluarix[®], GSK
FluLaval[®], GSK
Fluzone[®], Sanofi
- Live Attenuated, Quadrivalent, No Preservative, **0.2mL single dose intranasal sprayer, (2 -18 years)**
Flumist[®], AstraZeneca (Limited doses due to AstraZeneca's supply limitations for this product)
- Inactivated, Quadrivalent, Preservative-Containing, **Multi-Dose Vial, 5mL, (3-18 years)**
Fluzone[®], Sanofi
FluLaval[®], GSK
- Inactivated, Quadrivalent, No Preservative, **0.5mL Single-Dose Syringes, (4 - 18 years)**
Flucelvax[®], Seqirus

Next Steps: In July, you will be asked to confirm the portion of your pre-booked doses that you would like VFC to ship to you automatically as part of your initial flu order.

The attached document includes frequently asked questions about this year's VFC Flu pre-book process, approved amounts, and final confirmed products.

Make sure patients under 8 years needing 2 doses receive doses before the end of this flu season!
