What's New in My Turn? - Release 32

Clinic Managers (CM) and Vaccine Administrators (VA)

New updates for My Turn Public and Clinic launched on October 27, 2022.

Release Highlights

My Turn Public

- ✓ Eligible patients under 6 months can schedule Monkeypox (MPX) appointments.
- ✓ Monovalent Booster dose option has been replaced with the Bivalent Booster option under the Make an Appointment tab.
- ✓ Patients can see an additional screening question related to JYNNEOS when scheduling a COVID-19 vaccine appointment.

Release Highlights

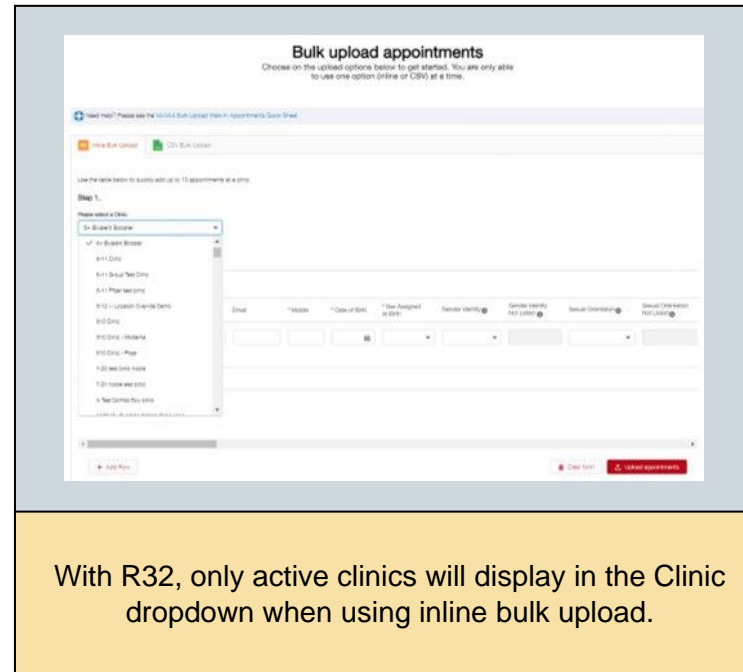

My Turn Clinic

- ✓ CMs and VAs can skip the second question about homelessness in the walk-in flow that asks, "Is the place where you sleep a house/apartment, emergency shelter, tent/encampment, vehicle, or on the street?" It has been made optional.
- ✓ VAs can view an additional checkbox under the VA flow confirming if the patient has received their last dose of vaccine 28 days ago.
- ✓ CMs and VAs can view additional checkboxes when scheduling an in-home vaccination appointment for COVID, flu or MPX vaccine.
- ✓ VAs can view two new options under the Injection Site field when administering vaccine to a patient.
- ✓ CMs and VAs can see additional screening questions when resubmitting or editing a COVID-19 vaccine record.
- ✓ CMs can view updated dashboards with Vaccinia and MPX appointments.

Only Active Clinics on Inline Bulk Upload Appointments

Clinic Managers and Vaccine Administrators

With Release 32, Clinic Managers and Vaccine Administrators will only see active clinics in the Clinic dropdown when adding appointments through inline bulk upload.

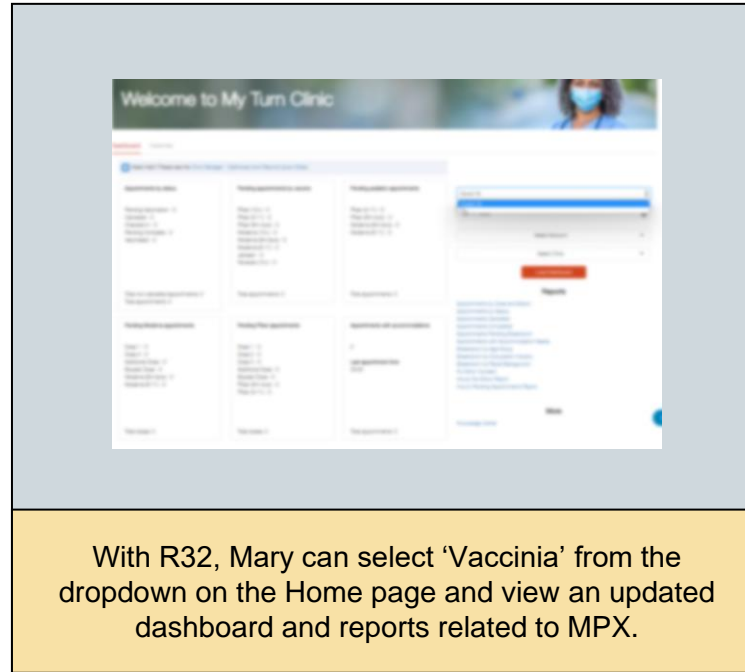

Monkeypox (MPX) Appointments: Homepage Dashboards

Clinic Managers

With Release 32, Clinic Managers will be able to view the updated dashboard and reports related to Monkeypox (MPX) by selecting “Vaccinia” from the dropdown on the Home page.

Standard Script for MPX Questions

Clinic Managers and Vaccine Administrators

With R32, throughout the walk-in appointment flow, Vaccine Administrators will be provided with standardized scripts to explain the purpose of sensitive patient questions.

1 Start of Walk-In Flow:

“We are going to be asking you some questions about yourself. Some of the questions are being asked to make sure your vaccination is correctly recorded. Other questions are being asked to make sure the people most in need of the vaccine are being reached. Your answers to all the questions will be kept strictly confidential and will not change the vaccine services you receive from us today or at any time.”

2 Medical Screening Section of Walk-In Flow:

“The next questions are being asked to make sure there aren’t any health reasons why you shouldn’t get the monkeypox vaccine today or if you will need to be followed closely after your vaccination to make sure you’re feeling okay. Your answers to all the questions will be kept strictly confidential.”

New My Turn Onboarding Form

Clinic Managers and Vaccine Administrators

The new [My Turn Onboarding Form](#) has been uploaded to the Knowledge Center. The former **Clinic Scheduling Form** and **New User List Form** have been combined into the **My Turn Onboarding Form**.

Novavax Monovalent Booster Update

Clinic Managers and Vaccine Administrators

Recording Novavax Monovalent Booster appointments in My Turn will be prioritized with Release 33. Until then, LHJs are advised to report Novavax Booster administration data to CAIR directly or hold data until R33 and enter it into My Turn.

The My Turn Interactive Guide is Now Live

Clinic Managers and Vaccine Administrators

The [My Turn Interactive Guide](#) is now live!

It is a consolidated resource that describes the My Turn system and program processes and highlights how various users interact with the system. It is available to all users (Clinic Managers, Vaccine Administrators, and Vaccine Administrator Assistants).

My Turn R32 Demo

What's Next in myCAvax? - Release 32

LHDs / MCEs and Providers

New updates for LHDs / MCEs and Providers will launch on November 3, 2022.

Release Highlights

- ✓ LHDs / MCEs can find separate tabs on the Vaccine Order Review page for COVID-19 and Outbreak vaccine orders.
- ✓ LHDs / MCEs will be able to opt-out of ancillary kits on applicable products when creating a new vaccine order (Standard and Small both).
- ✓ LHDs will be able to create vaccine transfer records (including Monkeypox (MPX)) for Provider location accounts under their jurisdiction.
- ✓ When LHDs edit the Storage Capacity record of an approved Provider location, a Task is automatically created and assigned to the Enrollment team.

LHDs / MCEs

Release Highlights

- ✓ Providers will be able to scroll through the available list of products on the New Transfer page and select the required product for a vaccine transfer.
- ✓ Providers will only be able to enter and save whole numbers when providing the Total Doses Wasted for creating a new waste event.

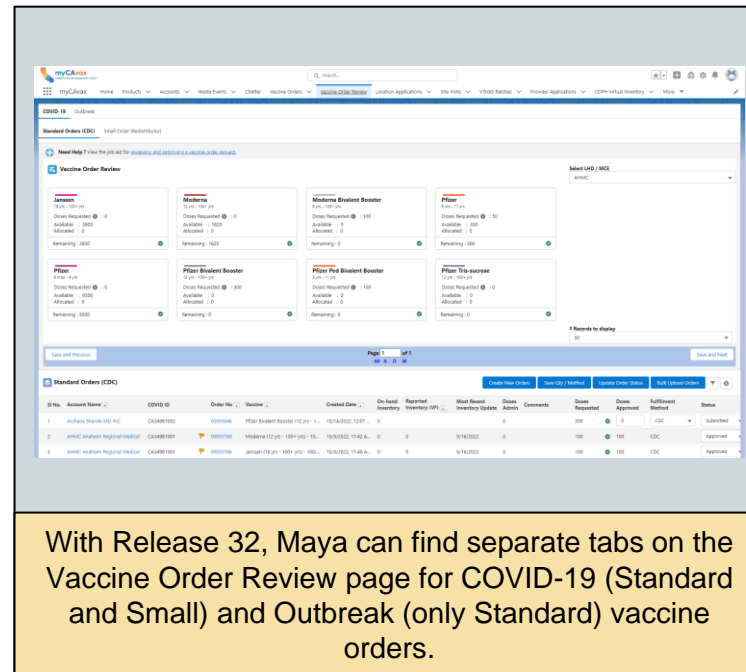

Providers

Updated Vaccine Order Review Page: COVID-19 and Outbreak Tabs

LHDs / MCEs

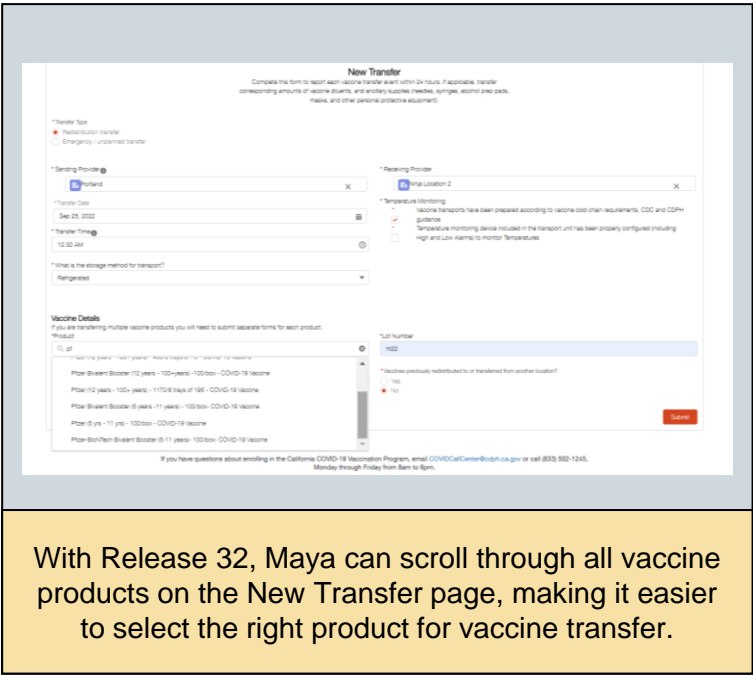

With Release 32, LHDs / MCEs can find separate tabs on the Vaccine Order Review page for COVID-19 and Outbreak vaccine orders.

Updated Product Lookup on the Transfer Page

Providers

With Release 32, Providers will be able to scroll through the available list of products on the New Transfer page and select the required product for a vaccine transfer.

Reviewing and Approving Vaccine Orders by Program

LHDs / MCEs

Anticipating the transition of additional programs into myCAvax, the **Program** and **Master Program** functionality allows CDPH to enable specific vaccine products for select Providers. This affects how the **Vaccine Order Review** page is configured, which will be updated as more Programs are added.

Reporting Nonviable Doses

Providers

Providers should remove any spoiled, expired, or wasted vaccines from their storage units immediately. All nonviable or unused doses up to the maximum doses per vial must be reported as wasted in myCAvax.

Vaccine Product	Maximum Doses per Vial
Janssen (J&J)	5
Moderna Monovalent (6 months - 5 years, Magenta Border, Dark Blue Cap)	10
Moderna Monovalent (6 years - 11 years, Purple Border, Dark Blue Cap)	5
Moderna Monovalent (12 years+, Red Cap)	10
Moderna Bivalent Booster (6 years+ Gray Border, Blue Cap)	5 (Consider as adult doses)
Novavax	10
Pfizer Monovalent (6 months - 4 years, Maroon Cap), Monovalent (5 years - 11 years, Orange Cap), and Bivalent Booster (5 years - 11 years, Orange Cap)	10
Pfizer Monovalent (12+ Years, Gray Cap) and Bivalent Booster (12+ Years, Gray Cap)	6

Scheduled Salesforce Maintenance

Clinic Managers, Vaccine Administrators, Providers, and LHDs / MCEs

myCAvax and **My Turn Clinic** will be **unavailable** between **7:00PM – 10:00PM PT on Saturday, November 5, 2022**, for a scheduled Salesforce maintenance activity. **My Turn Public** will continue to be available during that window.

Upcoming Holiday Closures for My Turn and myCAvax Help Desk and the COVID Call Center

Clinic Managers, Vaccine Administrators, Providers, and LHDs / MCEs

The **My Turn and myCAvax Help Desk** and the **COVID Call Center** will be closed for holidays on the following days.

Holiday	Date
Veterans Day	Friday, November 11, 2022
Thanksgiving Day	Thursday, November 24, 2022
Day After Thanksgiving	Friday, November 25, 2022
Christmas Day	Observed on Monday, December 26, 2022
New Year's Day	Observed on Monday, January 2, 2023

Friday Provider Office Hours and myCAvax LHJ Council Update

Providers and LHJs

The Provider Office Hours scheduled for Friday November 11, 2022, has been canceled in observation of Veteran's Day.

The myCAvax LHJ Council Call scheduled for Friday November 11, 2022, has been rescheduled for Friday November 18, 2022, at 12:00PM PT. An updated calendar invite was sent out to all attendees.

Coming Soon: New Help Desk Email Addresses

Clinic Managers, Vaccine Administrators, Providers, and LHDs / MCEs

Beginning **Tuesday, November 15, 2022**, contact the **My Turn and myCAvax Help Desk** at their new email addresses: MyTurn.Clinic.HD@cdph.ca.gov and myCAvax.HD@cdph.ca.gov. Please update any county websites and materials that contain the Help Desk contact information with the new email on **November 15th, 2022**.

On **Tuesday, November 15, 2022**, the existing Accenture email will auto-reply and direct you to contact the new CDPH email addresses. After **Thursday, December 15, 2022**, the Accenture Help Desk email will be permanently disabled.

APPENDIX

myCAvax – Known Issues - Updated 10/24

Known Issues

Providers Placing Orders without Correct Shipping Hours?

- ✓ We will correct an issue where providers who do not meet the minimum shipping hour requirements are still able to place orders.

Workaround / Next Steps

- ✓ Estimated Fix: TBD
- ✓ In the meantime, please ensure your shipping hours include at least one day Monday through Friday with a 4-hour time slot. You can update your shipping hours on page 2 of the multi-line ordering form

Slide Icon Key

	This is to label slides that include tips and best practices to improve your system experience.

myCAvax Release Roadmap

RECENTLY DEPLOYED

October 6th (R31.0)

Orders

- ✓ Storage Unit logic check to look at Transport Options
- ✓ Add step guide and update Help Desk links on the Multiline Ordering page

Product

- ✓ Remove Storage Requirements from Product page layout

Order Review

- ✓ Add 'Vaccine Group' to the Vaccine Order Review page filters
- ✓ Automate the Status Update for In-Review Orders
- ✓ Enhance error messages
- ✓ Standardize Product Buckets
- ✓ Remove extra scrollbar

IN PROGRESS

November 3rd (R32.0)

Community

- ✓ Allow for the products look-up in Transfers to be scrollable
- ✓ Do not allow decimals in Waste Events

Order Review

- ✓ Breakup Vaccine Order Review page by 'COVID-19' and 'Outbreak'
- ✓ Allow for LHDs / MCEs to Opt-Out of ancillary kits when creating orders

Transfers

- ✓ Make Transfers available internally

Training

- ✓ Update training links on the Community pages

Programs

- ✓ COVID-19 Programs and Outbreak Programs will be created for location accounts and control orders

Storage Units

- ✓ Create a Task when a Storage Capacity record is edited by LHDs

UPCOMING

December 1st (R33.0)

Community

- ✓ Unified Login Experience
- ✓ Enrollment changes to prevent duplicate contacts
- ✓ Duplicate contact merging
- ✓ Update the Help Desk email to myCAcax.HD@cdph.gov wherever it is used

Order Review

- ✓ Allow Outbreak orders to be fulfilled locally

My Turn Public Product Roadmap

RECENTLY DEPLOYED October 12th (R31.4)

Release 31.4

- ✓ Pediatric Bivalent Booster rollout
 - ✓ Pfizer 5-11 years
 - ✓ Moderna 6-17 years

CURRENT October 27th (R32)

Release 32

- ✓ Remove Monkeypox (MPX) Date Of Birth validation so patients younger than 6 months can get vaccine
- ✓ Add new COVID-19 final steps question on whether patient has received MPX vaccine
- ✓ Add note for Third-Party Clinics to check with clinic about vaccine supplies
- ✓ Refresh Translations
- ✓ Complete Monovalent Boosters disabling

UPCOMING November 16th (R33)

Release 33

- ✓ SMS and Email Opt-In
- ✓ Update "Monkeypox" to "MPX" - *pending approval*
- ✓ Add trigger for new Third-Party Clinics to have description about checking vaccine availability
- ✓ [Investigation] reconfigure eligibility page for better user experience
