

California COVID-19 Vaccination Program Update

Hello COVID-19 Vaccine Providers,

Thank you for your vital service to public health.

There is a steep learning curve with COVID-19 vaccine products. The CDPH Immunization Branch is collaborating with CDC, vaccine manufacturers, and other entities to provide the latest guidance. Providers will be notified as new materials are posted at [California COVID-19 Vaccination Program Resources](#).

Key information:

[COVID-19 Required Training & Resources](#)

Providers and key practice staff handling or administering COVID-19 vaccines are responsible for knowing the topics covered under the required training.

[Pfizer EUA Website](#)

Fact sheets for HCPs and recipients, full EUA prescribing information, training videos on storage & handling and vaccine preparation/administration, dry ice safety handling instructions, and more

[Program Enrollment](#)

Resources to prepare for initial allocation—list of next steps and readiness checklist

[Vaccine Management](#)

Product information, storage and handling, temperature monitoring, vaccine management, redistribution, off-site clinics

e-Forms:

- [Report Vaccine Redistribution or Transfer](#)
- [Report Temperature Excursion](#)
- [Report Vaccine Shipping Incident](#)

[Reporting Requirements](#)

Guides to program requirements, links to systems resources & training for reporting doses administered to CAIR and inventory to VaccineFinder

[Vaccine Administration](#)

Guide to requirements and links to CDC resources, vaccine safety reporting (v-safe)

[Guide to Other COVID-19 Vaccine Related Websites](#)

Includes links to CDPH, CDC, ACIP, and vaccine manufacturer for vaccines, clinical guidance, vaccine prioritization & allocation, vaccine safety, and LTCF resources.

Vaccinate ALL 58
Together we can end the pandemic.
