What's Next in My Turn? – Release 38

Clinic Managers and Vaccine Administrators

New updates for My Turn Public and Clinic will launch on
Thursday, April 20, 2023!

Release Highlights

My Turn Public

When scheduling vaccine appointments, patients will be able to view:

- ✓ Gender identity and sexual orientation related questions on the 'Patient Information' page.
- ✓ A multi-select picklist if they select 'Yes' for the Hispanic / Latino question in the 'Patient Information' page.
- ✓ An error message if they select a race / nationality and the 'Prefer not to say' option at the same time in the race / nationality multi-select picklist on the 'Patient Information' page.
- ✓ The ADA requirement picklist only if they select 'Yes' to the new ADA accommodation question, 'Does the patient require ADA accommodations?'
- ✓ The 'Please confirm which vaccine you would like to schedule' question only after they enter a valid DOB.

Release Highlights

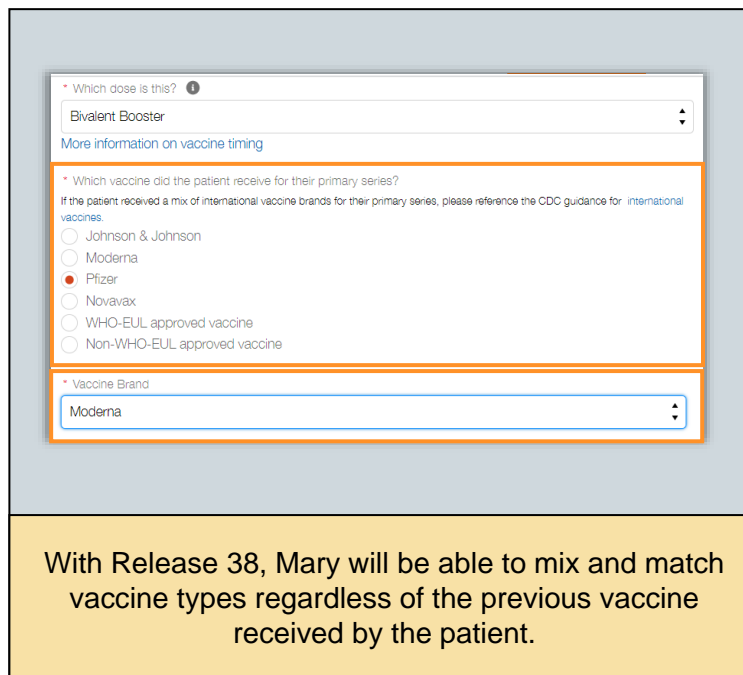

My Turn Clinic

Clinic Managers and Vaccine Administrators will be able to:

- ✓ View the updated language regarding activating / deactivating a myCAvax user in the Manage Users functionality.
- ✓ View a deleted clinic as the first option in the 'Internal Clinic Name' dropdown field while editing a vaccine appointment.
- ✓ View the updated multi-select picklist for the 'Ethnicity' question and new Gender Identity-related question in the IIS, Vaccine Administration, Walk-in and Bulk Walk-in flow.
- ✓ Create and / or mix and match any Moderna 6 years - 100+ year-old appointments without any hard stops in the Walk-in, Vaccine Administration and Bulk Walk-in flow.
- ✓ View validations to the Gender identity / sexual orientation related questions while scheduling / editing vaccine appointments via the Walk-in, Vaccine Administration and Bulk Walk-in flow.
- ✓ View the ADA requirement question, 'Does the patient require ADA accommodations?' in the IIS, Walk-in and Vaccine Administration flow.

Updated Vaccine Rules: Mix and Match Allowed

[Add Another Appointment](#)

With Release 38, Mary will now see the 'View appointments' button on the walk-in confirmation page which will take her directly to the Vaccine Administration flow uninterrupted.

Testing Site Update Form and Process: Public Form

Testing Sites

California Department of Public Health My Turn English

Find a testing site

Getting tested and treated early for COVID-19 and flu is the best way to prevent serious illness.

Locate a testing site near you below. Then click "Learn more" to schedule an appointment (if one is needed) and see testing guidelines for that location. Some testing sites can also prescribe medication to eligible people who test positive.

Learn more about when to get tested: [COVID-19 | Flu](#)

Note: Some sites charge for testing or treatment. Use the "Filter results" dropdown to search for locations that offer free testing or both testing and treatment. Click "Learn more" to check if your selected location still offers testing, requires an appointment, or charges fees. This page is updated regularly with each site's testing information.

Search for clinics that offer: Submit

Filter results

- Free testing locations for COVID-19
- Testing and treatment locations for COVID-19
- Free testing locations for COVID-19 & flu
- Testing and treatment locations for COVID-19 & flu

Walgreens

5427 Wilshire Blvd
Los Angeles, CA 90036
1-800-555-1234

- Free COVID-19 testing
- COVID-19 test & treat
- Free COVID-19 & flu testing

Fees may apply to treatment

Maravilla Regional Lab - City Of Los Angeles (Mobile testing clinic)

Note to providers: You can list a new location or update your current location by submitting a [Testing site information form](#).
Questions? Email us at testinglocations@cdph.ca.gov.

On the *Find a Testing Site* page on My Turn Public, Providers may create, update, or delete testing sites they manage using the new hyperlink at the bottom of the page.

Note to providers: You can list a new location or update your current location by submitting a [Testing site information form](#).
Questions? Email us at testinglocations@cdph.ca.gov.

Testing Site Update Form and Process: Updating Site Information Using a TS Number

Testing Sites

The screenshot shows the 'Testing site information' form. At the top left are the logos for 'California Department of Public Health' and 'My Turn'. The title 'Testing site information' is centered. Below it is a sub-header: 'To list, update, or delete a testing site location on My Turn, simply complete and submit the following form.' Underneath is a question 'What would you like to do?' with three radio button options: 'List a new location', 'Update a location' (which is selected and highlighted with an orange box), and 'Delete a location'. Below the radio buttons is a text input field labeled 'Please enter ID: ?' with a help icon, containing the text 'TS-127'. This field is also highlighted with an orange box. Below that is a section for 'Requester's email address' with a note 'Please enter your business or public email only (no personal emails.)' and a text input field containing 'janedoe@clinic.com'. At the bottom is a section for 'Test site name' with a text input field containing 'ABC Clinic'.

To update or delete a testing site location, input the location's Testing Site ID (TS-ID).

Testing Site Update Form and Process: Final Confirmation

Testing Sites

After CDPH reviews your testing site creation / update request, you'll receive an email approving or denying the request. If denied, the email will provide a reason and link to resubmit.

Your request has been approved - Request ID [R-002] 😊 ↶ ↷ ↸

 CDPH My Turn Form <myturn.ca.gov> Tuesday, November 01, 2022 at 10:00 AM

This message is from an EXTERNAL SENDER - be CAUTIOUS, particularly with links and attachments.

This email contains a reference to coronavirus or COVID-19. Please be aware of coronavirus-themed active phishing campaigns, and use extra vigilance when responding or clicking.

We're sorry, your request [R-002] for testing site [TS-620] has been declined for one of the following reasons:

- Received a request for removal
- Duplicate site
- Inactive site
- Site only offers take home test
- Site is only for specific patients

Please review and correct the information you provided for this listing and submit a new [Testing site information form](#).

Note: Each approved testing site on My Turn is assigned a TS number. This unique ID appears on the bottom right of your site's card on the [Find a testing site page](#).

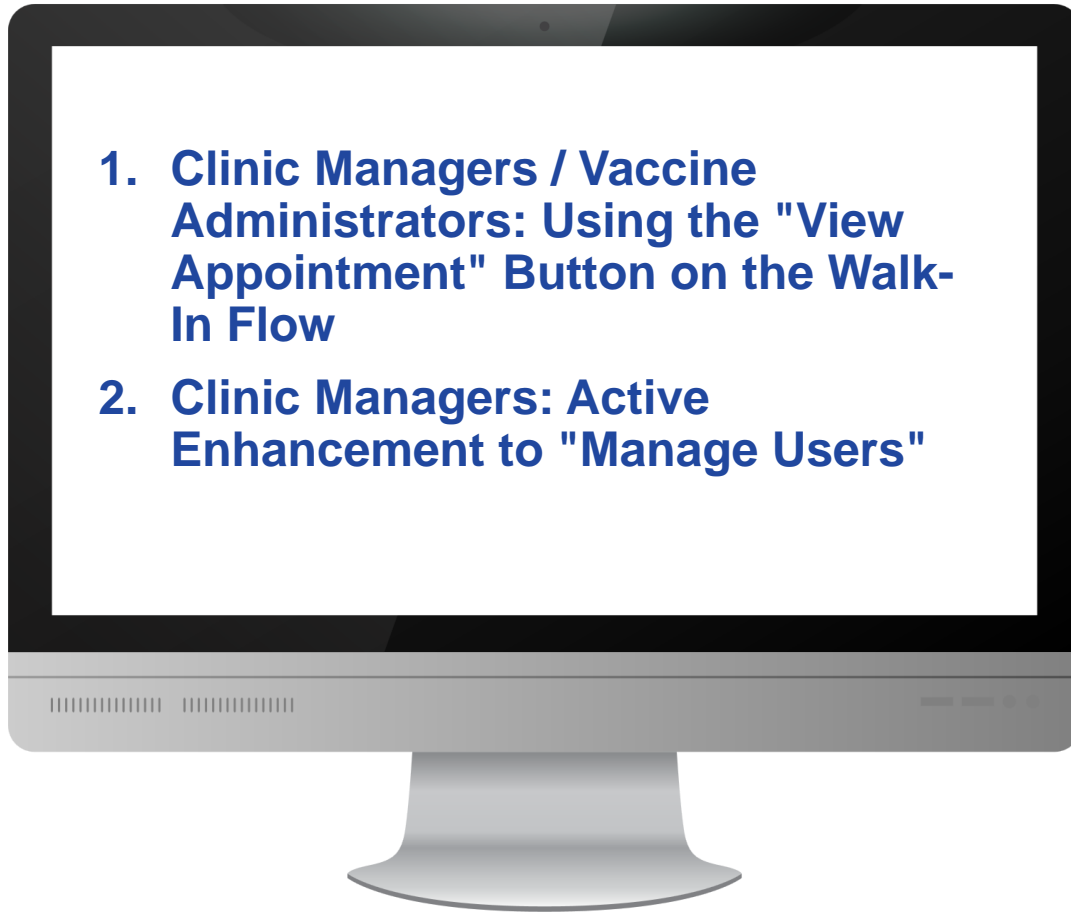

My Turn Monovalent Deauthorization Update

Clinic Managers and Vaccine Administrators

CDPH is planning a 38.x release to add functionality for the monovalent deauthorization by end of next week.

My Turn Demo

Q&A

What's Next in myCAvax? – Release 38

LHDs / MCEs and Providers

New updates for LHDs / MCEs and Providers will launch on
Thursday, April 27, 2023!

Release Highlights

LHDs / MCEs will:

Disenrollment

- ✓ See the program participation reasons 'Pending Disenrollment' and 'Disenrolled' when the program participation values are 'Order Hold' and 'Inactive' respectively

Program Staff

- ✓ See a program staff related list on program locations, location accounts, and contacts
- ✓ See the account field automatically populated on a program staff record when the program field is created / modified
- ✓ See 'User' and 'User Active?' fields on program staff records

LHDs / MCEs

Release Highlights

Providers will:

Disenrollment

- ✓ See an updated page layout on the Disenrollment page
- ✓ See program locations instead of location accounts on step 4 of the Disenrollment process

Program Staff

- ✓ See program staff records created for Organization, Primary and Backup Vaccine Coordinators, and Medical Staff at the time of enrollment

Site Visits

- ✓ See a new visit status 'Follow-Up Actions Sent' on a site visit record

Providers

Explanation of Program Staff

LHDs / MCEs and Providers

Staff may now be associated with each program available in myCAvax. For example, if your location has different staff members responsible for COVID-19 and Outbreak vaccines, you may now designate staff to the appropriate Program.

As additional programs are added to myCAvax, it's important to keep staff contact information for each program up-to-date.

Monovalent Pfizer and Moderna Sunsetting

LHDs / MCEs and Providers

In anticipation of FDA authorization approving the exclusive use of bivalent mRNA vaccines for COVID-19 immunization, CDPH expects that use of monovalent mRNA vaccines will be deauthorized this week. To prevent delivery of deauthorized products, all monovalent Pfizer and Moderna orders approved and submitted last week have been rejected.

Deauthorization Recommendations for LHJs and Providers

LHDs / MCEs and Providers

- Once deauthorization is announced, please dispose of all inventory and report wastage in myCAvax, denoting type of waste as 'Other.'
- Deauthorized monovalent products should be removed from VaccineFinder, zeroing out any on-hand inventory.
- Please attend webinars and review communications for updated guidance.

- Pfizer and Moderna monovalent products have been placed on blackout.
- Standard and Small Orders have been turned off in the system.
- Allocations for these products have been removed from each LHJ and MCE allocations.
- Transfers, waste reporting, and storage and handling incidents can still be reported.

Bivalent Supply

LHDs / MCEs and Providers

- While the Infant / Toddler Bivalent (6 months – 5 years) vaccine supply continues to be limited, CDPH anticipates sufficient supply to accommodate increasing demand for primary series.
- Supply for Bivalent products for all other age groups continues to be sufficient as well.
- Please continue to place small, frequent orders for all products as needed.

APPENDIX

Slide Icon Key

Icon	Meaning
	This is to label slides that are referencing upcoming or existing functionality and how to use it in the system.
	This is to label slides that include important system reminders.
	This is to label slides that include tips and best practices to improve your system experience.

My Turn Clinic Best Practices: Creating Multi-Vaccine Clinics

Best Practice	How To
1. Set clinic duration for four to six months to avoid having defunct clinics listed on the public site.	<ul style="list-style-type: none">• Clinic Managers (CMs) can create clinics before making them visible to the public using the 'Clinic Visibility' settings. Set an appropriate "Available Date" that you'd like the public to begin booking appointments.
2. Create one clinic per location that supports multiple vaccines and brands to simplify management and updates.	<ul style="list-style-type: none">• CMs may create clinics that offer all available vaccine product using the <i>Clinic Setup Wizard</i>. CMs should ensure that their vaccine supply is accurate for each vaccine, as that will determine appointment availability.• If a CM would like to offer different vaccine product at different times of day (e.g., offer MPX appointments only in the morning and COVID-19 vaccines only in the afternoon), create separate clinics for each vaccine product.• Export Sexual Orientation and Gender Identity (SOGI) data within 4 weeks.

My Turn & myCAvax Help Desk Transition

My Turn and myCAvax Help Desk is in the process of transitioning from current vendor staff to CDPH support staff. CDPH does not anticipate any disruption of Help Desk services and support during this transition.

The Help Desk will operate as usual and there will be no change to the contact emails or phone number.

My Turn – Known Issues - *Updated 04/06*

Known Issues

Error Message When Deleting Vaccine Supply Record

- ✓ Combo Clinic Managers are receiving an error when trying to delete a vaccine supply record.

Creating Third Party Clinics With Walk-ins

- ✓ When creating a Third Party clinic that offers walk-ins, it will not appear on the Walk-in page on My Turn Public unless it has availability set in the clinic.

Workaround / Next Steps

- ✓ Estimated Fix: 4/20/23
 - ✓ Workaround: Set the 'Current Stock' to 0 **OR** have a user with 'Partner Clinic Manager' profile remove it.
- ✓ Estimated Fix: TBD
 - ✓ Workaround: Navigate to the 'Clinic Availability' tab for the Third Party clinic and add availability to the clinic for it to show on the Walk-in page only if the clinic offers walk-ins welcome.

myCAvax – Known Issues - *Updated 04/07*

Known Issues

Transfer's 'Vaccine Receiver' Loading Slowly

- ✓ We are currently working on an issue in which the 'Vaccine Receiver' search field is loading slowly. It may appear to be frozen, however, it is just loading very slowly. Please be patient with the form for the time being.

Workaround / Next Steps

- ✓ Planned Fixed: 4/27/2023
