

# Protect Against Flu, RSV, and COVID-19!

## These diseases can be life-threatening

Patients and staff depend on each other to prevent severe illness, hospitalization, and death.

## Protect Yourself and Your Community

### Ask your doctor or care team for:

- ☐ Flu vaccine
- ☐ COVID-19 vaccine
- ☐ RSV vaccine
- ☐ Other recommended vaccines such as pneumococcal, shingles, and Tdap.

**It's convenient and safe to receive all the vaccines you need on the same day!**

Get vaccinated at:

IMM-1413 (4/25) English
