

Startup Worksheet

California COVID-19 Vaccination Program

Instructions: Complete this worksheet as you work through the [Startup Guide](#) to ensure your practice is ready before vaccines arrive.

Clinic Operations Setup

- Bookmark & review [CDC Provider Agreement](#); each location is responsible for compliance.
 - [Subscribe](#) to the webpage for updates to clinical and operational guidance.
 - Inform practice staff of routine site visits.
- Confirm coordinators understand their roles & responsibilities; report changes to COVID Call Center.
 - Organization Coordinator: _____
 - Location Coordinators: Primary: _____ Backup: _____
- Determine which [COVID-19 vaccine products](#) your location will offer.
 - Moderna Novavax Pfizer-BioNTech
- Determine if your practice will redistribute vaccines Yes No
- Determine if your practice will implement standing orders for COVID-19 vaccines. Yes No
- Prepare to comply with administration & clinical guidance for products your location will offer.
 - See [COVID-19 Timing by Age](#) (and [Spanish](#)) for summary guidance.
 - COVID-19 vaccines are ACIP-recommended; strongly encourage vaccination.
 - Prepare clinicians to comply with [ACIP recommendations](#) and CDC's [Interim Clinical Considerations](#).
 - Prepare clinicians to comply with FDA's [EUA Fact Sheets for HCPs](#) for products your location will offer.
 - Determine how [Fact Sheets for Recipients](#) will be distributed: paper electronic
- Review your [reimbursement options](#) (and [CMA COVID-19 portal](#)) for administration fees.
 - Never turn away recipients due to inability to pay administration fees or coverage status; update operational protocols as needed.
- Review CDC's [interim guidance for immunization services](#) that reduces transmissions.
- Determine how your practice will maintain paper and electronic COVID-19-related documentation for 3 years.

Systems Setup

- Register with VaccineFinder for inventory reporting.
 - Determine who will report inventory:
 - Organization Coordinator will report for all affiliated locations.
 - Location Coordinators will report for their location.
 - Confirm vaccine products your location will offer.
- Confirm readiness to report doses administered daily.
 - EHR/EMR connected CAIR2/RIDE My Turn connected to CAIR
- [Onboard](#) if using My Turn clinic management functionality.

Vaccine Management Preparations

- Confirm where you'll store COVID-19 vaccines; review storage requirements for [vaccine products](#) to be offered.
 - Refrigerator Freezer ULT
- Set up storage unit and data logger.
 - Estimate storage needs for vaccines and ancillary kits.
 - Protect your storage unit's power supply.

- Organize & label shelf space or baskets.
- [Set up and install](#) your data logger.
- Start [recording storage unit temperatures](#) and review instructions [for if an alarm goes off](#).
- Create your [COVID-19 vaccine management plan](#) (VMP) for routine & emergency situations.
- Stock vaccine transport container and supplies for emergencies.
 - Transport container □ Coolants □ Data logger □ Packing supplies

Staff Readiness

- Ensure Coordinators are set up and trained.
 - Login to myCAvax and confirm organization, location, coordinator info is accurate and complete.
 - Add [these critical senders](#) to your contact list or have IT whitelist them.
 - Determine if and how you will communicate COVID Call Center updates to clinicians & staff.
 - Review [this job aid](#) and prepare if you are reporting inventory to VaccineFinder.
- Ensure Location Coordinators are trained on products and storage and handling protocols.
 - Complete required [COVID-19 Vaccine Product Training](#) for products your location will be administering.
 - Bookmark [COVID-19 Vaccine Product Guide](#) and review storage & handling, administration, and beyond-use (use-by) limits for products to be offered.
 - Bookmark CDC's [Vaccine Product Information Guide](#) for details about vaccine shipments, ancillary kits, dimensions, PPE, and needle sizes.
 - Review receiving instructions for products your location will offer including instructions for reporting shipment incidents. □ Moderna □ Novavax □ Pfizer-BioNTech
 - Review the emergency protocols in your [COVID-19 Vaccine Management Plan](#).
 - Ramp up on myCAvax through live trainings, videos, and Knowledge Center job aids.
- Train other staff with vaccine-related responsibilities.
 - Check-In Staff & Scheduling Desk □ Vaccinators □ Clinicians □ Medical Support Staff
 - Administrative Support Staff □ Billing □ Supervisors
- Determine where you will track training completions for key practice staff.
 - COVID VMP □ assessment form on file □ training database or log □ Other

Provider Support

- [Register](#) for **Weekly Provider Office Hours** for all things COVID and review [archived sessions](#)!
- [Register](#) for bi-weekly **myCAvax and My Turn trainings**!
