

California COVID-19 Vaccination Program Update

June 28, 2022

Infant/Toddler COVID-19 Vaccines Social Media Posts

COVID-19 vaccines for infants and toddlers are here! Help CDPH get the word out by posting on social media using the hashtag **#CrucialCOVIDConversations**.

Social Media Messages of the Week (tailor for your platform and voice):

More protection is here for your littlest family members! COVID-19 vaccines are now available for kids 6 months+ and can help keep the whole family safer from serious illness & hospitalization. Give yourself peace of mind & help loved ones get vaccinated.

Visit [MyTurn.ca.gov](https://myturn.ca.gov) or call 833-422-4255 to find a vaccine near you.

ALL 58

Safe and effective COVID-19 vaccines are available for everyone ages 6 months and older.

www.cdc.gov

After [extensive clinical trials](#), the vaccines are proven to be safe and effective in protecting children ages 6 months and up against COVID-19. Infants and toddlers receive a smaller dose of the vaccine, and it is recommended that they are vaccinated against COVID along with their other regular vaccinations. To learn more about COVID-19 vaccines, talk to your child's doctor or visit VaccinateALL58.com.
