# Teach Flu a Lesson (TFAL) Success Story

Teach Flu A Lesson (TFAL) partnered with the My Turn team to establish **CAIR Quick Entry (CQE)** accounts for partner locations hosted by Kaiser at school-based vaccination sites. Nursing students administered vaccinations and recorded data into CSV files, which were subsequently uploaded into CAIR Quick Entry. Through this initiative, TFAL successfully delivered **3,876 school flu vaccinations** across the state.

# LA County Department of Public Health

In late 2023, the Los Angeles LHJ partnered with CDPH and local Skilled Nursing Facilities (SNFs) to encourage over 300 locations to report their vaccination doses into the CAIR system. This collaborative effort spanned approximately six months prior to the development of **CAIR Quick Entry**. The introduction of CAIR Quick Entry greatly supported these providers in meeting their reporting requirements efficiently.

CAIR Quick Entry  
provided a means to  
reaching reporting  
requirements for LA SNF's

# My Turn Multi-Vaccination Support

Our My Turn team collaborated with Los Angeles LHJ to develop a groundbreaking solution called **Super Clinics**, designed to streamline **multi-vaccination appointment scheduling** and administration. Patients can now schedule and receive multiple vaccines during a single appointment, significantly improving efficiency and accessibility. This enhanced feature also included expanded support for administering all routine vaccines, ensuring comprehensive care in one streamlined process.
