Administer the entire dose to appropriate age—do not split 0.5mL dose for multiple uses.

Children under 9 years of age with a history of fewer than 2 doses of influenza vaccine are recommended to receive 2 doses this flu season. See bit.do/flurecsACIP

Vaccines with the VFC logo are available through the Vaccines for Children Program in 2021-2022 and can only be used for VFC eligible children (≤18 years of age).
