Dear EZIZ Users,

The 2018 Children and Adolescents and Adults Immunization Schedules are now available online.

View or print several formats for both healthcare professionals and the general public, and display any of the schedules on your website. Plus, whenever CDC makes a change to the immunization schedules, your page will automatically display the update. For syndication instructions, see [Display Immunization Schedules and Quiz on Your Website.](#)

For healthcare professionals:

- [Recommended Immunization Schedule for Children and Adolescents Age 18 Years or Younger, 2018](#)
- [Recommended Immunization Schedule for Adults, 2018, includes the new shingles vaccine recommendations](#)

For the general public, in easy-to-read formats:

- [Immunization Schedule for Infants and Children, 2018](#)
- [Immunization Schedule for Preteens and Teens, 2018](#)
- [Immunization Schedule for Adults, 2018](#)
