

## 2020 Immunization Block Schedule Now Online!

The [2020 Immunization Block Schedule \(IMM-395\)](#) is now available! The Immunization Block Schedule is a simple, at-a-glance tool to help clinicians ensure children stay on track with their immunizations. Please download it and share it with your staff.

Please note: the 2019 version is still accurate. If you still have the 2019 version up on your walls, simply cross out the year and reuse!

For more detailed information on recommended immunizations, please download [CDC's Immunization Schedules](#).
