

In-Person Compliance and Storage and Handling Visits

Dear VFC Provider,

The California VFC program would like to inform you that VFC Field Representatives have resumed scheduling in-person Compliance and Storage and Handling Visits. The in-person visits provide the opportunity for more direct assistance. The VFC program staff may be able to offer virtual visits for limited circumstances. VFC visits serve as an educational opportunity for VFC providers to learn about updates to the program and other pertinent immunization-related information while ensuring that all providers are meeting program requirements.

Our priority is the safety of your staff and ours. The VFC staff who will visit your office is vaccinated against COVID-19 and will wear a mask. Thank you for your continued participation in the California VFC program and dedication to protecting California's kids from vaccine-preventable diseases.

Thank you,
