

New KidsVaxGrant 2.0 Available for VFC Providers!

The California Department of Public Health has appropriated approximately \$10 million to support KidsVaxGrant 2.0. Providers can receive up to \$35,000 to support eligible pediatric providers administering the COVID-19 vaccine.

VFC providers who were previously awarded KidsVaxGrant 1.0 are eligible to apply for KidsVaxGrant 2.0!

Eligible providers:

- Providers serving pediatric populations who have placed at least one approved order of an infant/ toddler COVID-19 vaccine and are newly enrolled in the California COVID-19 Vaccine Program (myCAvax) may receive **\$10K** to support enrollment and launching a vaccination center. Those that enroll in myCAvax from December 17, 2021 to October 14, 2022, will qualify.
- Providers serving pediatric populations vaccinating infants/toddlers against COVID-19 already enrolled in the California COVID-19 Vaccine Program (myCAvax) and with at least one approved order, who are expanding operating hours by a minimum of 25 hours, may be eligible for **\$25K**, per site. Expanded hours must be outside of normal or existing clinic hours and must be completed within 120 days of the application's approval (not retroactive).
