

Free Patient Education Materials

Dear VFC Providers:

Over the coming days, we will be mailing a packet of materials to help educate your patients and their families about COVID-19 vaccination. Whether your office provides COVID-19 vaccine or not, it's a great opportunity to encourage vaccination or answer questions they may have.

The mailing will include:

- Five (5) copies of a "Provider Tips" letter that you can share with staff,
- Five (5) "Talk to your Doc" buttons for providers to consider wearing to prompt conversations about COVID-19 vaccine, and
- 100 copies of "Have Questions about COVID-19 Vaccines?" (English/Spanish) flyers that may be posted in the clinic or handed to patients.

Thanks for your continued efforts to protect children from COVID-19 and other vaccine-preventable diseases.

Thank you,

California Department of Public Health | Immunization Branch
