February 2023

## Spread love, not flu! Make a Strong Influenza Vaccine Recommendation to all your patients.

Flu is still circulating, so it is important to continue protecting your patients against flu. CDC suggests using the [SHARE method](#) to make a strong vaccine recommendation and provide important information to help patients make informed decisions about vaccinations. Review your *Mid-Season Flu Vaccine Ordering Progress Report* in your [MyVFCVaccines](#) account to help you stay on track with flu ordering and administration.

### Did you know?

All California providers are now required to enter immunizations they administer as well as a patient's race and ethnicity into the California immunization registry (CAIR or Healthy Futures/RIDE). [Enroll in CAIR today!](#) To learn more, see [AB 1797 FAQs](#).
