

Vaccine Tips

May 2023

Did you know?

Merck recently updated vaccine administration routes for Varivax, ProQuad, and MMR-II.

Varivax, ProQuad, and MMR-II vaccines can now be given **intramuscularly (IM) (in addition to subcutaneously (SC)) and **must be stored in the freezer.****

Our [Vaccine Fact Sheets](#) provide information about administration routes, proper storage requirements, and more all in one page for each vaccine offered through the VFC Program! Check them out below:

- [Varivax \(Varicella\)](#)
- [ProQuad \(MMRV\)](#)
- [MMR-II \(MMR\)](#)

We continuously update all Vaccine Fact Sheets, so check EZIZ for the most recent versions!
