

Vaccine Tips

October 2023

Fall is here! Protect patients against respiratory diseases. Vaccinate them against flu, COVID, and RSV!

Tips to help you when vaccinating your patients this fall:

- Use every opportunity to promote vaccinations, including patient visits, appointment reminders or any other communication.
- Keep up with vaccine ordering to ensure you have enough doses in stock.
 - VFC Flu and COVID vaccines are readily available, while RSV immunizations are in limited supply. Please view EZIZ for [Vaccine Order Status updates](#), as well as keeping an eye out for VFC Vaccine Update emails.
- Keep IZ resources on hand to help with vaccine ordering and administration.
 - [Flu ID Guide](#) – ideal time for flu vaccination is by Halloween.
- Check out these EZIZ pages for informational resources along with CDPH toolkits for vaccine promotion:
 - [Fall-Winter Immunizations guide](#)
 - New [RSV resources page](#) and [FAQs](#)
 - COVID resources for [providers](#) and [patients](#)
 - [Flu and Respiratory Diseases](#) page for promotional materials
 - CDPH's [Flu and COVID-19 toolkit](#) and [RSV toolkit](#)
- Stay up to date with these free upcoming or archived webinars:
 - [CDPH Immunization Updates for Providers](#) (weekly Friday webinar)
 - September [Afternoon TEACH Webinar on flu, COVID, and RSV](#)
 - [Additional archived webinars: including Crucial Conversations and Considerations for RSV](#)
