

RSV Vaccine Special Ordering Now Open & End-of-Year Survey Reminder!

Dear VFA Provider,

RSV season is here! [More than 12% of respiratory specimens in California have tested positive for RSV](#) (report from Nov. 19-25) with peak activity expected soon.

The Vaccines for Adults (VFA) Program has now opened special ordering for RSV vaccine and will be closing this ordering period on **December 12, 2023**. CDC has allocations in place to facilitate equity across jurisdictions. Due to the limited quantities available, VFA providers can **order up to 20 doses of either** Abrysvo or Arexvy vaccine. Clinics can **only** select one brand of RSV vaccine to order. Vaccine requests will be approved based on available supply and ordering will close once our current allocation has been depleted. RSV vaccine will be available again for ordering once additional allocations are received.

If your practice would like to request doses beyond the caps, please include the amount and justification in the comment section of the order form. These requests will be reviewed and approved on a case-by-case basis.

The only vaccine available to order during this period is RSV. All other vaccines will be available to order at the next VFA quarterly ordering cycle in January 2024.

After placing your RSV order, please complete the [VFA Satisfaction and End-of-Year-Survey](#) to help the program assess your clinic's immunization needs, specifically with RSV vaccine planning for subsequent ordering cycles, and review the [VFA RSV Clinical Letter](#), which includes information regarding:

- Adult RSV Immunization Recommendations
- Prenatal Vaccine Guidance
- RSV Educational Resources
- VFA Program Resources

Steps to Order Vaccine:

1. Log-in to your [MyVFCVaccines](#) account.
2. Enter your VFC PIN and ZIP Code.
3. After you have logged in, click on the "Order 317 Vaccines" button.
4. Confirm that your Practice Delivery Information is correct.
5. For your order, select the vaccine from the drop-down and enter the number of doses you would like to request.
6. You will be required to enter 317 doses administered and 317 doses on hand.
7. Click Preview to review the order and make any corrections if necessary.
8. Click Submit to place your order.

Thank you for your continued participation in the VFA program!
