

Vaccine Tips

April 2015

**April 18-25 is National Infant Immunization Week
May is Toddler Immunization Month**

Babies and toddlers need vaccines to stay protected from infectious diseases.

Are all the babies and toddlers in your practice up-to-date?

Remind parents when their child's next immunizations are due.

Let parents know if their child is missing necessary shots.

Thank you, VFC Providers, for helping to protect millions of children!
