

Vaccine Tips

June 2021

Summer is here, which means warmer days and possible Public Safety Power Shutoff (PSPS) events are coming. **Is your practice ready?**

This is the best time to:

- ✓ Review your [Vaccine Management Plan](#), especially the Emergency section, to ensure it is up to date and easily accessible.
- ✓ Replace batteries in digital data loggers to ensure continued operation and monitoring of storage unit temperatures.
- ✓ Ensure you have a current and valid certificate of calibration.
- ✓ If your practice is replacing your digital data loggers, ensure they meet [VFC requirements](#).

For more details and purchasing info, visit the [DDL page on EZIZ](#).
