SUBJECT: New Vaccination Clinician Tool: Adult Pneumococcal Timing
DATE: 1/21/15

Dear EZIZ Users:

Do you immunize adults? Need help implementing the new pneumococcal vaccine recommendations? The California Department of Public Health, Immunization Branch is pleased to offer this clinical reference tool, [Pneumococcal Vaccine Timing](#).

The chart summarizes the latest adult pneumococcal vaccine (PCV13 and PPSV23) recommendations for both:

- all adults age 65 and over (both vaccines [now covered by Medicare Part B](#))
- those adults 19-64 with certain underlying conditions

Consider downloading copies for each vaccinator in your practice.

For more information on pneumococcal vaccination, please visit:
www.cdc.gov/vaccines/vpd-vac/pneumo/default.htm#recs.
