

VFA Vaccine Ordering Now Open

Dear VFA Provider,

The ordering period for VFA vaccine is now open. **Please plan to submit your orders no later than Wednesday, January 22, 2020.** After this date, you will not be able to place an order until the next ordering period, projected to open on April 6, 2020.

COMING SOON – a VFA Program clinical letter outlining the Advisory Committee on Immunization Practices (ACIP) recent updates concerning Tdap and [PCV13](#) vaccine for adults.

REMINDER – All VFA Providers must complete the **2020 Recertification by Monday, January 20, 2020.** Recertification forms are now available on your [MyVFCvaccines](#) account. Prepare for recertification ahead of time by generating reports from your EHR or Immunization Registry on the total number of 317/VFA-eligible patients (broken down by age), as well as the total number of non-317/VFA-eligible patients served by your practice during 2019. Refer to the [VFA Recertification Coming Soon letter](#) for more information.
