

VFA Vaccine Ordering Now Open

Dear VFA Provider,

The ordering period for 317-funded VFA vaccine is now open. **Please plan to submit your orders no later than Wednesday, Sept 30th, 2020.** After this date, you will not be able to place an order until the next ordering period, projected to open in January 2021.

Before ordering VFA vaccines, consider your plans for this flu season. Take advantage of in-person visits for flu vaccination to immunize patients against other vaccine-preventable diseases. Consider prioritizing reminder/recall efforts for patients with chronic conditions for specific vaccines such as PPSV23, Hep B, and Hep A, in addition to flu vaccination.
