

VFA Vaccine Ordering Now Open

Dear VFA Provider,

The VFA vaccine ordering period is now open. Please plan to submit your order **no later than Friday, October 14th, 2022**. After this date, you will not be able to place an order until the next ordering period, projected to open in January 2023.

Please note that due to our limited 317 budget, **orders are capped up to 10 to 20 doses of each product**. VFA is still offering limited doses of PPSV23 for adults who previously received PCV13. Please refer to the [VFA Clinical Letter](#) regarding the pneumococcal vaccine updates and plan accordingly, as PPSV23 will no longer be offered beginning this order period.

Steps to Order Vaccine:

1. Log-in to your [MyVFCVaccines](#) account.
2. Enter your VFC PIN and ZIP Code.
3. After you have logged in, click on the "Order 317 Vaccines" button.
4. Confirm that your Practice Delivery Information is correct.
5. For your order, select the vaccine from the drop-down and enter the number of doses you would like to request.
6. You will be required to enter 317 doses administered and 317 doses on hand.
7. Click Preview to review the order and make any corrections if necessary.
