BOOST ADULT IMMUNIZATION RATES

FQHC SURVEY FINDINGS

From July-Aug 2021, 20 FQHC sites were asked to identify pandemic-related barriers to adult immunizations and strategies used to address them.

REMINDER/RECALL CAMPAIGNS

Consider an automated patient recall system.

Learn more here | CAIR Reminder Recall Guide

TAKE ANY OPPORTUNITY TO ASSESS AND VACCINATE

Use in-person or virtual visits and then a brief nurse-only/walk-in visit.

Learn more here

CO-ADMINISTER

Offer other needed vaccines when patient comes in for COVID-19 or flu vaccine.

Learn more here
