## Kindergarten Immunization Rates Available

---

The California Department of Public Health has posted immunization data for rates of kindergarteners reported in the 2017-2018 school year. As in previous years, the information includes a:

- Summary report
- List of rates reported by each school
- Searchable map of rates by school

Thank you for your assistance in reporting information this year.

Data for 7<sup>th</sup> graders and children in child care facilities will follow this summer.
