

Dear School Administrators and Staff,

As the new school year quickly approaches, many children in California about to start school need to catch up on routine vaccines that were missed or delayed during the pandemic.

To protect schools like yours from future outbreaks, **this fall 2022, schools will again need to check records and report the immunization status of:**

- **TK/K and 1st graders** (report same doses for each cohort)
- **7th and 8th graders** (report same doses for each cohort)

More details coming soon on cdph.ca.gov/shotsforschool

Thank you for keeping California’s schools healthy.
