# ~~ Annual Immunization Reporting ~~ Schools with TK/Kindergarten or 7th Grade

California Department of Public Health
Immunization Branch
Wednesday, October 4, 2023
2PM – 3PM

# Housekeeping

**Reminder to Panelists:**

Please mute yourself when not speaking.

Please monitor the Q&A panel for questions you may be able to answer.
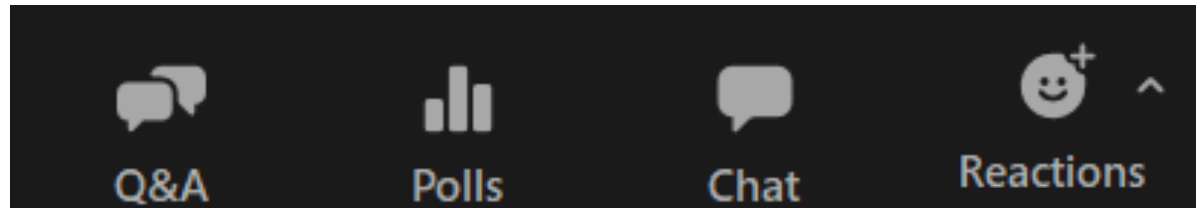

**Reminder to Attendees:**

Today's session is being recorded and posted at Immunization Reporting (ca.gov)

# Questions

**During today's webinar, please use the Q&A panel to ask your questions so CDPH subject matter experts can respond directly.**

**Resource links will be dropped into, "Chat"**

# Agenda: Wednesday, October 4, 2023

| No. | Item | Speaker(s) | Time (PM) |
|---|---|---|---|
| 1 | Welcome, Agenda and Announcements | Leslie Amani (CDPH) | 1:00 – 1:03 |
| 2 | Overview of School Reporting Requirements and new CAIR Hub Reporting Site | Amber Christiansen (CDPH) | 1:03 – 1:23 |
| 3 | Demo: How to Register and Log in to CAIR Hub Website for School Reporting | Jamie Werling (11:59) | 1:23 – 1:28 |
| 4 | Demo: Navigating the New Immunization Reporting Site | Amber Christiansen (CDPH) | 1:28 – 1:40 |
| 5 | CAIR Medical Exemptions (ME) Review | Medical Exemptions Team (CDPH) | 1:40 – 1:55 |
| 6 | Conclusion | Leslie Amani (CDPH) | 1:55 – 2:00 |
| | **Thank you!** | | |

# Upcoming Webinar for Child Care Facilities

- Child Care Facilities Webinar
  - October 11th from 2PM – 3PM
  - https://us06web.zoom.us/webinar/register/WN__IW71pFgRNeR6IkjjucRuw#/registration

- Anyone attending this webinar needs to please watch the reporting training modules in advance.
  - Pre-Kindergarten (Child Care) (20 mins)

# Overview of Immunization Reporting Requirements and Reporting Process

# 2023 Immunization Assessment Memo to Schools

✓Annual Immunization Reporting

✓New Reporting Website

✓December 1, 2023, Deadline!

✓New school data dashboard

✓Additional Resources

State of California—Health and Human Services Agency
**California Department of Public Health**

TOMÁS J. ARAGÓN, M.D., Dr.P.H.
*Director and State Public Health Officer*

GAVIN NEWSOM
*Governor*

September 26, 2023

To:     Child Care Facility Managers, California County/District Superintendents, School Principals and Nurses

From:   Robert Schechter, MD
        Immunization Branch Chief

Subject: Annual Immunization Assessment Reporting for 2023-2024

1. **Annual Immunization Assessment Reporting for 2023-2024**

   California Health and Safety Code Section 120375 and California Code of Regulations Section 6075 require all child care facilities and schools (including home schools) to review student immunization records and report annually on the immunization status of their students. This year, facilities and schools will need to report the immunization status of children in:
   - Pre-kindergarten/child care (ages 2-5 years)
   - TK/K (not 1st grade)
   - 7th grade (not 8th grade)

   **New Reporting Site!**
   The reporting website has moved to the CAIR Hub. You will need to:
   1. Register for a CAIR Hub account (SCRL users already have one)
   2. Set up a user profile
   3. Log in to CAIR Hub to report using the Immunization Reporting application on your dashboard.

   CDPH will host webinars on how to use the new reporting site on October 4 for schools and October 11 for child care facilities.

   Before reporting, please review the guidance at www.CDPH.ca.gov/SchoolReporting. Check that each student has in the cumulative file a complete and accurate:
   - California School Immunization Record (CSIR or "Blue Card"), or
   - Electronic record of required vaccinations (can be stored in a computerized system).

Immunization Branch / Division of Communicable Disease Control

# Reporting Resources on Shots for School

Reporting deadline: **December 1, 2023**

**Reporting instructions and useful resources:**

- Instructions: <u>Pre-K</u> | <u>TK/K</u> | <u>7thGrade</u>

- Reporting Online Training Modules: <u>Pre-K</u> | <u>TK/K</u> | <u>7th Grade</u>

- FAQs: <u>All cohorts</u>

- Reporting site: <u>CAIR Hub</u> > Immunization Reporting application

- <u>Archived emails</u>

# What Are the Reporting Requirements?

**Requirements at www.cdph.ca.gov/shotsforschool**

- All public and private licensed childcares and schools are required to submit an Annual Immunization Assessment report.

- Cohorts include child care centers with children ages 2-5 years; schools with kindergartens and 7th grades
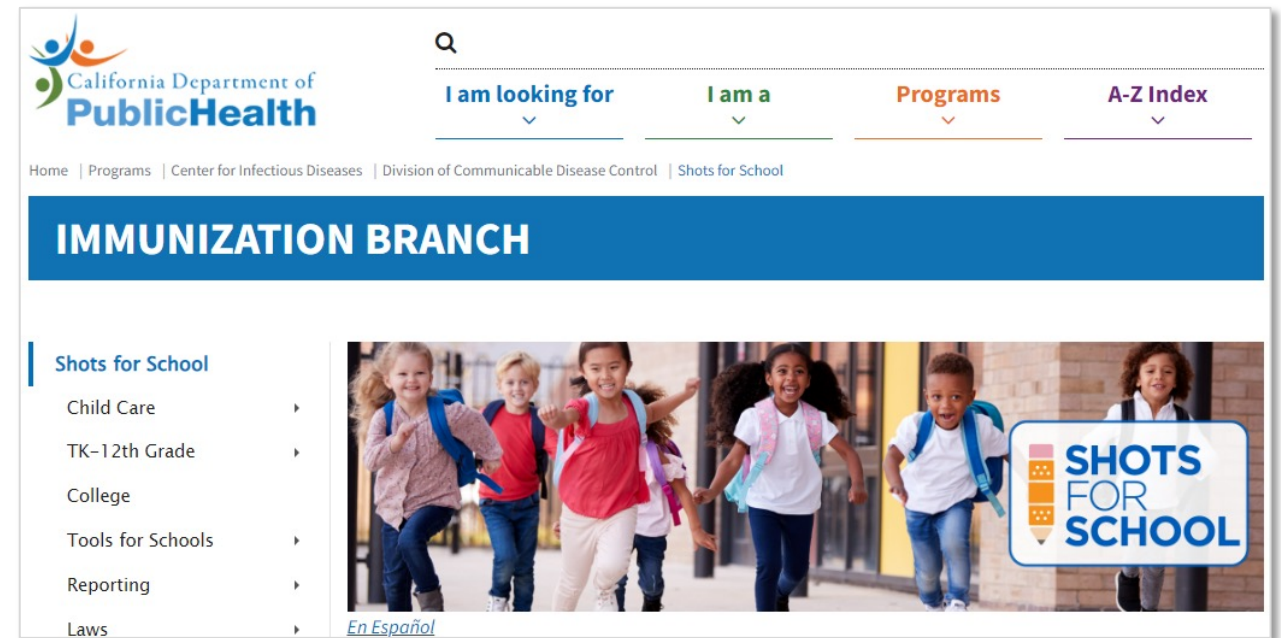

# What Are the Reporting Requirements?

[Shots Required for TK/K and 7th Grade](#)

**CALIFORNIA IMMUNIZATION REQUIREMENTS FOR**

# K – 12TH GRADE (including transitional kindergarten)

| GRADE | NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION[1,2,3] | | | | |
|---|---|---|---|---|---|
| K-12 Admission | 4 Polio[4] | 5 DTaP[5] | 3 Hep B[6] | 2 MMR[7] | 2 Varicella |
| (7th-12th)[8] | K-12 doses | + 1 Tdap | | | |
| 7th Grade Advancement[9,10] | 1 Tdap[8] | | | | 2 Varicella[10] |

1. Requirements for K-12 admission also apply to transfer pupils.
2. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines. Doses of DTP count towards the DTaP requirement.
3. Any vaccine administered four or fewer days prior to the minimum required age is valid.
4. Three doses of polio vaccine meet the requirement if one dose was given on or after the 4th birthday.
5. Four doses of DTaP meet the requirement if at least one dose was given on or after the 4th birthday. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the 7th birthday (also meets the 7th-12th grade Tdap requirement. See fn. 8.)

6. One or two doses of Td vaccine given on or after the 7th birthday count towards the K-12 requirement.
7. For 7th grade admission, refer to Health and Safety Code section 120335, subdivision (c).
8. Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Only doses administered on or after the 1st birthday meet the requirement.
9. For 7th-12th graders, at least one dose of pertussis-containing vaccine is required on or after the 7th birthday.
10. For children in ungraded schools, pupils 12 years and older are subject to the 7th grade advancement requirements.
11. The varicella requirement for seventh grade advancement expires after June 30, 2025.

DTaP/Tdap = diphtheria toxoid, tetanus toxoid, and acellular pertussis vaccine
Hep B = hepatitis B vaccine
MMR = measles, mumps, and rubella vaccine
Varicella = chickenpox vaccine

**INSTRUCTIONS:**

California schools are required to check immunization records for all new student admissions at TK /Kindergarten through 12th grade and all students advancing to 7th grade before entry. Students entering 7th grade who had a personal beliefs exemption on file must meet the requirements for TK/K-12 and 7th grade. See shotsforschool.org for more information.

**UNCONDITIONALLY ADMIT** a pupil whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil's age or grade as defined in table above:

Reporting Process:

Review Each CA Pre-K and School Immunization Record (aka Blue Card)

California Pre-Kindergarten and School Immunization Record

# What is each student's immunization status?

- Determine the immunization status for each student <span style="color:red">one by one,</span> by placing each Blue Card in the groups:

- Stack the Blue Cards into 2 separate piles:
  - "All Required Immunizations"
  - "Missing Doses"
    - Sort students "Missing Doses" into their separate piles that describe why they are missing immunizations.

All Required
Immunizations

Missing
Doses

# Reporting Process - Tally Reporting Status on Worksheet (TK/Kindergarten)

# Reporting Process –
## Submit Report through the CAIR Hub
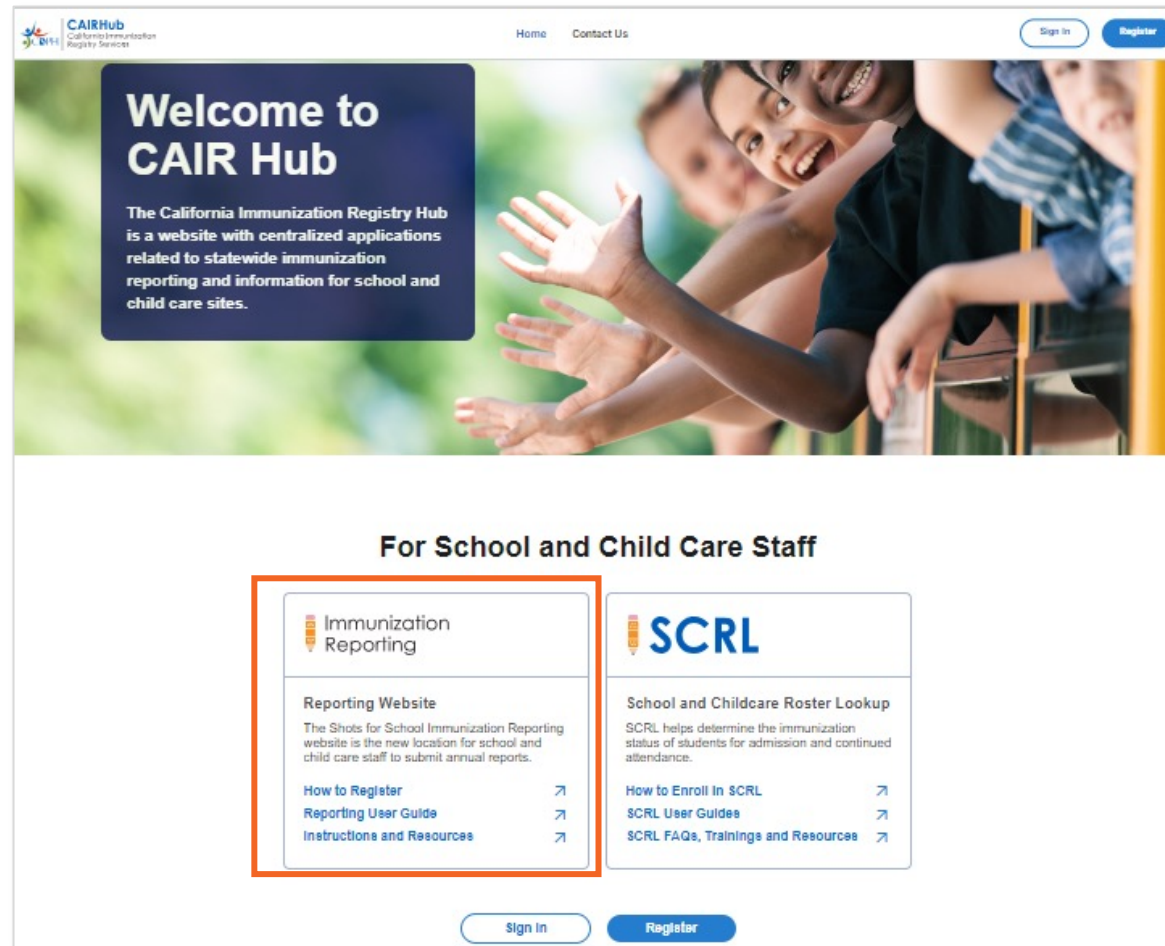

# Summary Data

## TK/K & 7th Grade-Reports

**Reporting Data for Kindergarten and 7th Grade**

The California Health and Safety Code Section 120325-75 requires students to provide proof of immunization for school and child care entry. Additionally, California Health and Safety Code Section 120375 and California Code of Regulation Section 6075 require all schools and child care facilities to assess and report annually the immunization status of their enrollees.

**Data and Reports**

Below are the most recent summary reports and data files that measure compliance with the school immunization law, conducted in all schools with Kindergarten or 7th grades. For more information or specifics about these reports, please contact your local health department or the Immunization Branch. Files are in Adobe PDF or MS Excel (data files only) format and open in a new window unless otherwise specified.

**Kindergarten**

- 2020-22 Summary Report | Data (pdf) | xls | (Excel) | map
- 2019-20 Summary Report | Data (pdf) | xls | map
- 2018-19 Summary Report | Data (pdf) | xls | map

**7th Grade**

- 2019-20 Summary Report | Excel Tdap Data (pdf) |(xls) Varicella Data (pdf) | (xls)
- 2018-19 Summary Report | Data (pdf)| xls | map
- 2017-18 Summary Report | Data

## New dashboard (replaces old maps)

**How Well-Vaccinated Is Your School or Child Care Facility?**

Schools and child care facilities with low vaccination rates are at increased risk for outbreaks of vaccine-preventable diseases. Immunization rates reported by schools and facilities are presented for child care, kindergarten, and seventh grade for recent school years. Student or child immunization status may change during the school year. View and download related data files for Child Care and Kindergarten and 7th Grade.

**Find your school or facility**

| Select Grade | Enter ZIP Code | Enter School/Facility Name or Code | School Year |
| --- | --- | --- | --- |
| Kindergarten | | | 2021-2022 |
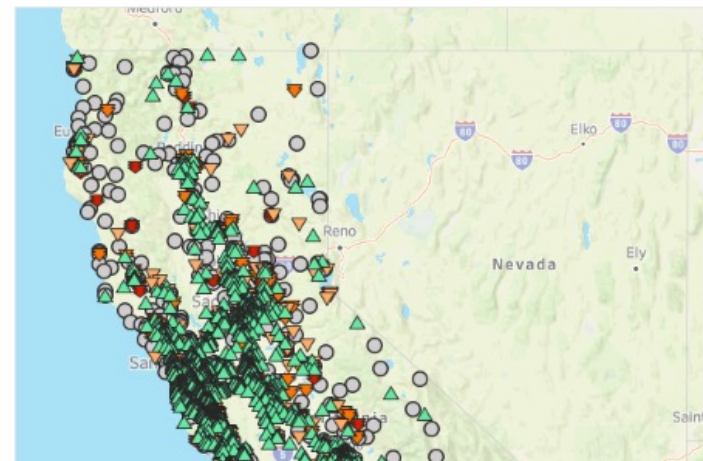

**MAP INSTRUCTIONS:**

- Hover over colored map icons to view school or facility details.
- To re-center the map, hover over the map's top left corner and click the home icon.
- To select schools or facilities, use the search filters, click on map icons to show in table, or click on table to highlight in map.
- Hover over the "?" icon for more tips.

# Submitting Report – Information Page

- School details (from CDE directory)

- Staff completing the form

- Designated contact(s)

# Submitting Report

# Submitting Report

- All number fields must have a number entered even if it's zero.
- In this example, an error message pops up because two fields have no number entered. If there are zero students in these categories, enter 0.

# Submitting Report

# Summary Report

- All Required Vaccines rate (ARV) is listed

- Summary table

- Number of students that need follow up

# Submitted Report – Email Notifications

- New feature: when a user submits or edits a report, a confirmation email will be sent to:
  - school users that have the school/facility in their "Assigned Schools/Facilities" list,
  - school/facility's "Administrative Email" address, and
  - school/facility's "Facility/School Email"

- All cohorts must be submitted for a school before the confirmation email is sent

# Editing a Report after Submission

- Submitted reports can be edited until the site closes.

- Log in, select your school, select View & Print Report, click on Edit.

- May increase "All Required Vaccines" rate

**VIEW & PRINT REPORT**

Please print a copy of submitted reports for your records.

**Submission Complete:**

Thank you for submitting reports for all of your cohorts! Please print or save a copy of the reports for your records. You will also receive a confirmation email. You may update your reports at any time during the reporting period.

**Future Office Hours to be announced...**

# California Immunization Registry Medical Exemptions (CAIR-ME) for Schools

Medical Exemptions Team

# CAIR-ME Background

- Starting January 1, 2021, all new medical exemptions (MEs) must be issued using CAIR-ME (California Health and Safely Code Section 120372)
- CAIR-ME is a web-based application that allows:
  - Physicians to create and issue a printed or pdf version of a ME
  - Schools to view, check the status, print and export ME data for children that attend the school
  - LHDs to view, check the status and export ME data for children that live or attend school in the jurisdiction, for schools and childcare in the jurisdiction, and of physicians that practice in the jurisdiction

# CAIR-ME Background

- CAIR-ME is _NOT:_
  - School immunization reporting site
  - SCRL (School and Childcare Roster Lookup)
  - CAIR (California Immunization Registry)
- Separate application with its own log-in: https://cair.cdph.ca.gov/exemptions/home
- All schools with a student who has a ME issued in CAIR-ME should have a registered user(s)
  - To register for a CAIR-ME account, email Medicalexemptions@cdph.ca.gov
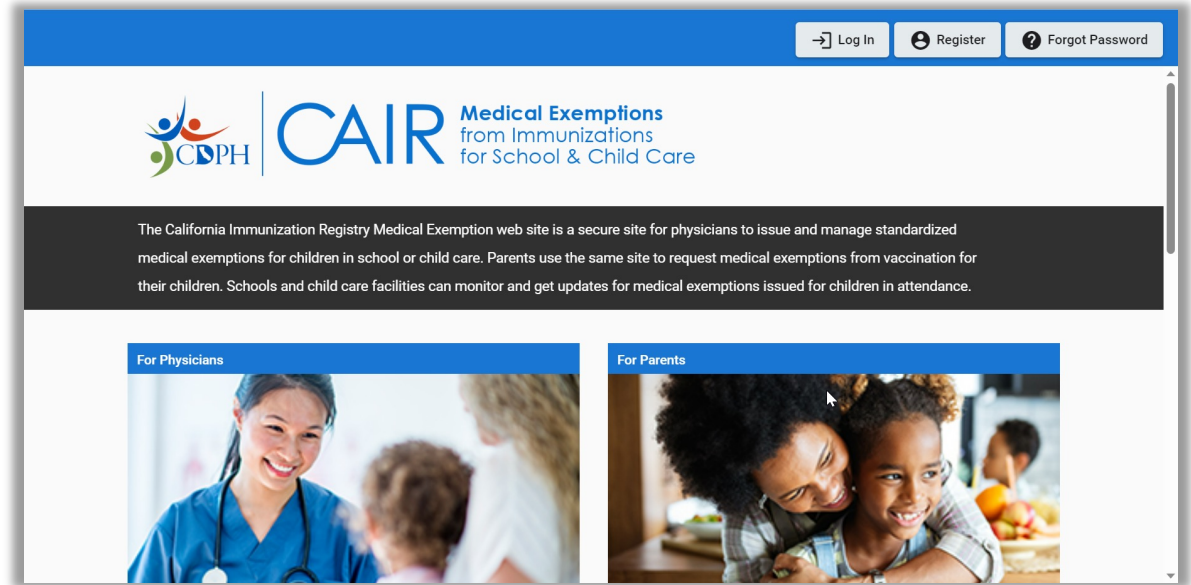

# What you get with a CAIR-ME Account

- Be able to validate the information and the status of the ME
- New: Be able to print a paper or PDF copy for the child's file
- Assist with gathering annual school reporting data
- Download aggregate data on MEs for your facility
- Receive email communications when a ME is:
  - Expired
  - Cancelled
  - Revoked

# If a medical exemption (ME)is issued through CAIR-ME, does that mean it has been reviewed and approved by CDPH?

- By law, MEs may be reviewed by CDPH in the following circumstances:
  - The child attends a school or childcare facility that did not report immunization coverage rates
  - The child attends a school or childcare facility with a reported immunization coverage rate of $\leq$95%
  - The ME was issued by a doctor that has issued $\geq$5 MEs during the calendar year
- An ME is valid as soon as it is issued by the doctor, but it may not remain valid if it comes up for review and is determined to not meet appropriate guidelines

# ME Review Process

MD/DO Issues ME

→ Parent brings hard copy to school/childcare*

→ School/childcare verifies ME (name, DOB, school info) and status in CAIR-ME

If ME is NOT flagged for review (i.e., does not meet review criteria) → no review

→ Status = Issued

If ME is flagged for review (i.e., meets review criteria) → reviewed by CDPH

→ If valid, status = Issued

→ If invalid (after appeal process), status = Revoked
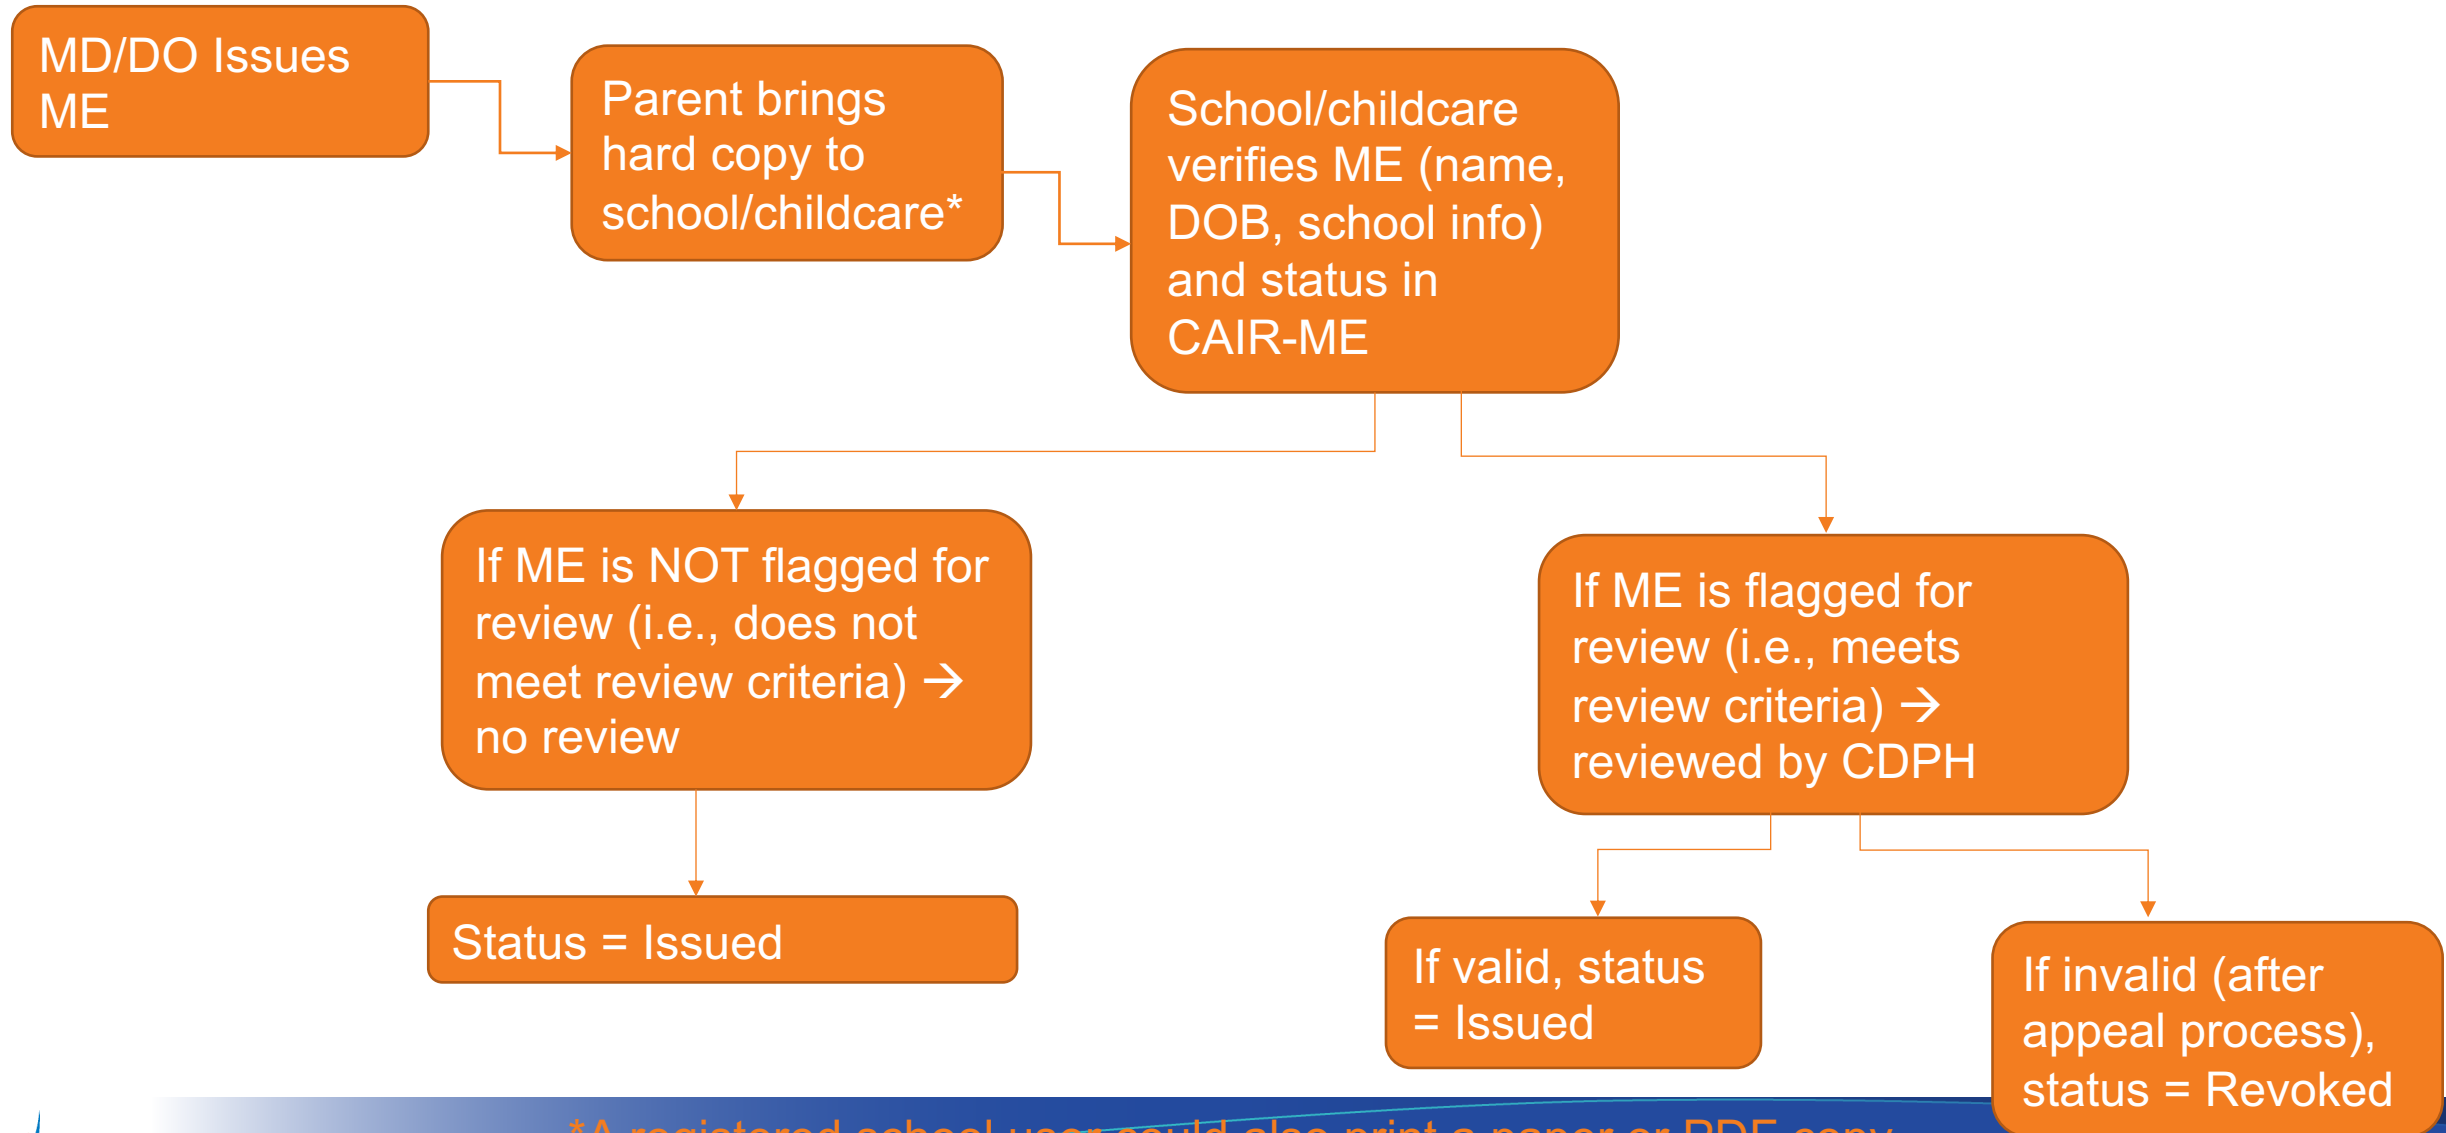

*A registered school user could also print a paper or PDF copy of the medical exemption.

CDPH

# Steps to follow when you receive a medical exemption from CAIR-ME:

1. Verify the child's name, date of birth, and grade span are correct.
   - If any of this information is incorrect, the ME is not valid
   - The doctor will have to issue a new ME
2. Verify that your school's name is on the form.
   - If school information is incorrect, the parent will have to log into their CAIR-ME account to update the school information

# Steps to follow when you receive a medical exemption from CAIR-ME (continued):

3. If you do not have a CAIR-ME account, you can request access by emailing [medicalexemptions@cdph.ca.gov](mailto:medicalexemptions@cdph.ca.gov).

4. Verify the exemption is in "Issued" status in CAIR-ME.
   - If the ME is not in issued status, it is not valid, and you cannot accept it.

# Medical Exemption FAQs

**Are medical exemptions filed for children in attendance at a California child care facility or school before 2021 valid in later years?**

A medical exemption filed at a pre-kindergarten facility or school remains valid until the earliest of:

- When the child enrolls in the next grade span (TK/K-6th grade, 7th-12th grade)

- The expiration date specified in a temporary medical exemption

- <u>Revocation of the exemption</u> because the issuing physician has been subject to disciplinary action from the physician's licensing entity

# A parent tells you that their child has had chickenpox and doesn't need the vaccine. Do they need an exemption?

- Children must either have two doses of varicella or a medical exemption to comply with the requirement.

- Notes from physicians, laboratory reports or "had disease" noted on immunization records MAY NOT be used to assess compliance with immunization requirements.

# Why can't I see a student's medical exemption when I log in to CAIR-ME?

- MEs are not acceptable until the correct school or childcare facility is listed in CAIR-ME.

- If you can't see a ME when you log in, it usually means that the ME is not associated with your school yet.

- Parents need to log in to CAIR-ME to update the school information.

- Once updated you should be able to see and print the exemption.

# I have questions about an ME I received or am having problems with the CAIR-ME website. Who can I contact for help?

- For questions related to medical exemptions or problems with the CAIR-ME website, email:

    Medicalexemptions@cdph.ca.gov

- For questions related to immunization requirements for school and childcare, email:

    Shotsforschool@cdph.ca.gov

- For questions or problems related to SCRL, email:

    CAIRHub@cdph.ca.gov
